#PASSIONFORTHEGAME

We take hockey seriously.

Our devotion, commitment, and passion for the game is what drives us. This passion and dedication have fostered a culture of great product innovation. It's hardwired in us. Our vision is to be athlete's number one choice. We see it as our calling to enable new heights of individual performance and unforgettable moments with innovative, user-friendly products.

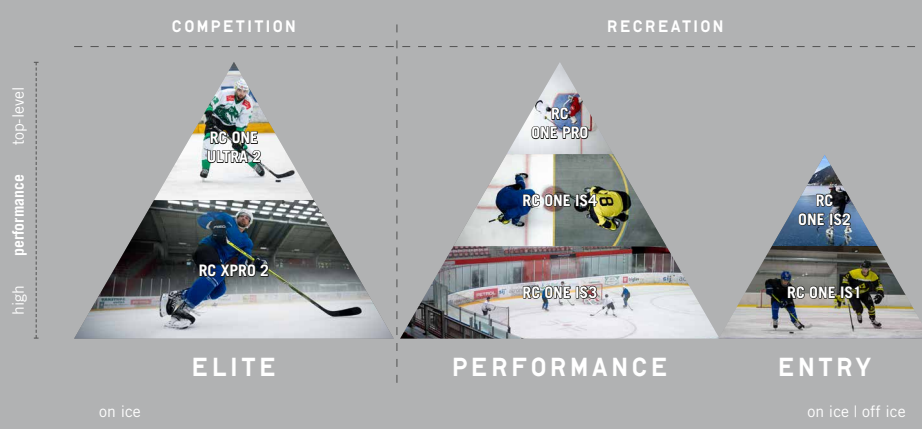

By doing so, we believe we will enable more people to find and share this passion. Because hockey is not a lifestyle. It's life.

HOCKEY IS NOT A LIFESTYLE. IT'S LIFE.
FISCHERSPORTS.COM

THE CHOICE IS YOURS

ELITE

For players dedicated to elevating their performance, this category offers the best equipment to push their game to the next level. With these sticks you're equipped with top-tier technology and materials designed for precision, speed, and control, perfect for those who strive for excellence.

PERFORMANCE

Designed for hockey enthusiasts and recreational players who enjoy the game both on ice and on the streets. This category's sticks offer a great balance of quality and durability, ensuring you can fully enjoy the sport during both casual play and in competitive settings.

ENTRY

Perfect for beginners looking to get into hockey and develop #passionforthegame. These sticks are user-friendly and reliable, making it easy to learn the basics and start enjoying the sport.

The final product offer should be taken from the country price lists. Colors and technical specifications in the catalog may deviate from the original. Rights reserved for unannounced changes and typographical errors. © September 2025.

RC ONE ULTRA₂ – THE NEXT GENERATION

The success story of the RC ONE series continues: with the brand-new RC ONE ULTRA₂, FISCHER presents a stick that combines proven strengths with cutting-edge technology.

The familiar design remains, but an enhanced geometry delivers performance without compromise.

A further slimmed-down hosel area ensures optimized stress distribution and greater durability, and in combination with the fully integrated TeXtreme® material, the RC ONE ULTRA₂ offers noticeable weight reduction and outstanding performance. Feedback from professionals speaks for itself — the RC ONE ULTRA₂ delivers absolute control and precision in every game situation, whether it's quick passes, decisive shots, or tough battles along the boards.

It's built for players who want more — those who make the difference on the ice.

HOCKEY IS NOT A LIFESTYLE. IT'S LIFE.

THE RC ONE XPRO₂ REDEFINED.

Introducing the redefined RC ONE XPRO₂, a consolidation of brand-new material with a reliable, well-known construction. A fusion of tried and trusted technologies with new innovations.

As a pinnacle of innovation, the RC ONE XPRO₂ builds upon the success of the renowned RC ONE XPRO model with a new look and redefined performance.

With a specific redesigned blade and hosel, the endurance and durability of the RC ONE XPRO₂ have been elevated to a higher level. Using ultra-light spread tow fabrics on the blade marks another step towards perfection. It brings along higher blade stiffness and makes it even easier to generate full power. The updated hosel area leads to further stabilization and total weight reduction.

Multidirectional Carbon Layers

Lightweight Foam Core

RC ONE XPRO₂ – Key Benefits of TeXtreme®

- **Weight Savings in the Blade** – A lighter blade reduces overall stick weight and improves balance.
- **Sharper Performance** – Added stiffness and strength in the blade for cleaner shots and precise passes.
- **Enhanced Feel & Control** – Better impact tolerance in the blade for a more consistent puck feel.

CHAMPIONS ON THE RISE.

Fischer's entry-level hockey stick is perfect for starting your passion. This stick is built primarily from glass fiber, providing outstanding durability. Key features from high-end sticks, including monocomp technology, guarantee top performance. In addition, the high-impact modified ABS core makes the IS a versatile stick for any surface.

THE NEW RC ONE G-ULTRA₂

With the brand-new RC ONE G-ULTRA₂, FISCHER sets a bold new benchmark in the world of goalie sticks, elevating performance, weight, and control to an entirely new level. A completely redesigned geometry makes the G-ULTRA₂ noticeably slimmer and more dynamic than anything previously produced in FISCHER's goalie lineup – and the first goalie stick to drop below the 700-gram mark, weighing in at an impressive 650 grams. Despite its leaner shape, the stick delivers exceptional strength and durability thanks to a newly engineered layer construction with TeXtreme® material throughout the paddle and shaft, boosting impact resistance, longevity, and energy absorption. The result: outstanding handling, reduced vibrations, and an unmatched feel with every save.

HOCKEY IS NOT A LIFESTYLE. IT'S LIFE.

H02118	VISION 16 PRO VISOR F2 POLYBAG	SR	-	CLR	
H02318	 VISION 16 PRO VISOR F5 WITH BOX	SR	-	CLR	Impact resistant Polycarbonate, Modern pro-approved design with optically perfect form, optical purity and invisible edge, Anti-fog & anti-scratch coating layers, Compatible with all types of hockey helmets, Box package includes mounting spacers, cleaning emulsion and microfiber cloth, CE certified
H02118	VISION 16 PRO VISOR F5 POLYBAG	SR	-	CLR	
H02218	 VISION 16 STD VISOR F1 POLYBAG	SR	-	CLR	Impact resistant Polycarbonate, Excellent optical features, Doesn't include anti-fog & anti-scratch coating layers, Suitable for professional and recreational hockey players, Compatible with all types of helmets, Set includes mounting spacers and screws, CE certified
H02218	 VISION 16 STD VISOR F2 POLYBAG	SR	-	CLR	Impact resistant Polycarbonate, Excellent optical features, Doesn't include anti-fog & anti-scratch coating layers, Suitable for professional and recreational hockey players, Compatible with all types of helmets, Set includes mounting spacers and screws, CE certified
H02218	 VISION 16 STD VISOR F5 POLYBAG	SR	-	CLR	Impact resistant Polycarbonate, Excellent optical features, Doesn't include anti-fog & anti-scratch coating layers, Suitable for professional and recreational hockey players, Compatible with all types of helmets, Set includes mounting spacers and screws, CE certified
H04916	 GOALIE THROAT PRO PROTECTOR	JR-SR	-	CLR	Can be attached to all goalie mask models, CE certified
H04712	 FULL SHIELD VISOR	JR-SR	One size	CLR	Made of impact resistant Polycarbonate, Modern design with optically perfect form and optical purity, Anti-fog & anti-scratch coating layers, Compatible with all types of hockey helmets, One size fits all (JR+SR), Box package includes mounting spacers, cleaning emulsion and microfiber cloth, CE certified
H04812	REPLACEMENT VISOR	JR-SR	One size	CLR	
H02818	 CONVEX17 COMBO VISOR/CAGE	JR-SR	-	CLR	Made of impact resistant Polycarbonate, Modern design with optically perfect form and optical purity, Anti-fog & anti-scratch coating layers, Compatible with all types of hockey helmets, In case of scratch buy replacement visor, easy to replace, Box package includes mounting spacers, cleaning emulsion and microfiber cloth, CE certified
H02919	CONVEX17 COMBO REPLACEMENT VISOR	JR-SR	-	CLR	
H02012	 VISOR CLEANING SET	-	-	-	Antibacterial cleaner, safe to use on all lens materials including polycarbonate, contains no solvents or harmful chemicals, including microfiber cleaning cloths

STICKS / TECHNOLOGIES / COMPOSITE STICKS

STICK TECHNOLOGY	TECH FEATURES COMPOSITE STICKS		
	MONOCOMP TECHNOLOGY A true 1-piece construction design from shaft to blade providing a matchless, pure feel of the puck.	TUNED RESIN CONTENT New advancements in prepreg manufacturing results in a reduced need of resin to guarantee superb strength and durability.	UD CARBON Ultra lightweight carbon fiber optimally placed to reduce weight without reducing strength and durability.
	SHARP FIBER ORIENTATION (SFO) Sharp fiber orientation optimizes fiber angles and their arrangement to cut weight and to diminish interlaminar shear strength without neglecting stick durability.	CAP TECH Cap Tech is a patented thin foil system wrapped around the shaft that provides more impact durability	PEEL PLY TECHNOLOGY Used to remove excess resin on the blade to save weight and enhance stick balance.
	INTEGRATED CARBON BRIDGE Extremely strong and light carbon fiber bars placed in the stressed areas of the blade for high levels of stability and stiffness	TORSOWRAP Torsional carbon fiber wrap for supreme torsional stiffness with minimal weight.	MAXIMUM ENERGY TRANSFER (MET) Maximum energy transfer through the hosel due to mono-comp construction.
	POLY-AIR-BOND Poly-Air-Bond blade combines lightening fast response with puck feel and performs on and off the ice.	RESPONSIVE HOSEL TECHNOLOGY (RHT) Responsive Hosel Technology (RHT) with a wider taper for stronger torsional stiffness, increased accuracy and response.	
	TECH FEATURES COMPOSITE GOALIE STICKS		
	UD CARBON Ultra lightweight carbon fiber optimally placed to reduce weight without reducing strength and durability.	CAP TECH Cap Tech is a patented thin foil system wrapped around the shaft that provides more impact durability	TRIPLE FOAM CORE Triple Foam Core improves balance and core durability of the stick.
	DUAL IMPACT CONTROL Dual Impact Control reduces stick vibrations and maximizes player reactions.	LITE STRUCTURAL FOAM This low density, light, and durable material enables better stick handling and improves balance and weight of the stick.	SMART GRIP ZONE Grip zone between paddle and shaft provides perfect grip and control of the stick.
